Dear Mr Chan,

**Letter of Appreciation**

I am writing to express my sincere gratitude to your Association for participating in and providing professional image consultation to our students during the Careers Fair held from 21 to 23 February at The University of Hong Kong. The event ended with great success. Over 1,400 students visited the activities and their feedback is highly favorable.

Our special commendation goes to the image consultants who were extremely helpful in providing students with advice on dressing and grooming. Indeed, students find their advice practical and useful for preparing for the world of work. Please extend our appreciations to your members who took part in the Careers Fair. I have no doubt that the Fair would not have been so successful without their support.

I look forward to our future collaboration.

Yours sincerely,

Dr. Gracemary Leung, PhD, MSc(clin), MBA
